About:

Proactive learner with strong work ethic and leadership skills, eager to grow as a **software developer** and contribute to building efficient, impactful, and user-focused solutions. Currently exploring opportunities in **embedded systems** to expand my technical expertise and hands-on experience.

Education:

• Third Year	2025 SPPU	(SGPA: 9.29)
• Second Year	2024 SPPU	(SGPA: 9.39)
• First Year	2023 SPPU	(SGPA: 8.57)
• Higher Secondary (HSC)	2022 MSBSHSE	73.8%
• Secondary School (SSC)	2020 CBSE	94.4%

Technical Skills:

- **Languages:** Python, C++, Java (beginner).
- **Web Technologies:** HTML, CSS, JavaScript(basic).
- **Database:** MySQL, MongoDB.
- **Tools:** GitHub, VS Code, Microsoft Office, Microsoft PowerPoint, Microsoft Word, Microsoft Excel, Canva

Projects:

Expense Tracker (2022)

- Designed and developed a single-page web application using HTML5, CSS3, and JavaScript to efficiently record and display daily expenses in a structured format.
- Implemented a dynamic table layout to organize expense entries by category, date, comment, and amount, ensuring clear and intuitive data presentation.

BMI Calculator (2023)

- Developed a robust single-page web application to calculate Body Mass Index based on user-provided weight and height data.
- Implemented a real-time input validation system to ensure error-free user interactions and prevent invalid calculations.

Snake and Ladders Game | Link (2023)

- Programmed a feature-rich Python-based two-player simulation of the classic Snake and Ladders game, focusing on modular architecture and reusable components.
- Utilized the random library for stochastic elements such as dice rolls, ensuring unpredictable and engaging gameplay.

Landing Page (2024)

- Created a responsive landing page using HTML5, CSS3, and JavaScript, incorporating modern design principles.
- Integrated interactive elements such as call-to-action buttons, animations, and a structured layout to highlight key information effectively ensuring cross-browser compatibility and optimized the page for various screen sizes.

Portfolio Website | Link (2024)

- Built a personal portfolio website showcasing projects, achievements, and photographs, using HTML5, CSS3, and JavaScript.
- Designed an intuitive navigation system and visually engaging layout to enhance user experience.
- Includes direct links to project code hosted on GitHub.

Stopwatch Web Application | Link (2024)

- Developed a stopwatch application using HTML, CSS, and JavaScript, featuring start, stop, reset, and lap functionalities.
- Implemented real-time time tracking and DOM manipulation to display accurate and responsive results.

Tic Tac Toe Web Application | Link (2024)

- Designed and implemented a two-player Tic Tac Toe game using HTML5, CSS3, and JavaScript.
- Developed logic to manage game flow, determine winning conditions, and handle invalid moves effectively.
- Enhanced the application with interactive styling and responsive design for various screen sizes.

Weather Application (2024)

- Built a weather forecast web application using HTML, CSS, JavaScript, and a public weather API.
- Implemented features to search for city-specific weather data, displaying temperature, humidity, and conditions dynamically.

Internship:

Web Development Intern

Cognifyz Technologies

- Developed interactive web components using HTML, CSS, and JavaScript to create features like image slideshows, hover effects, and enlarging galleries.
- Applied JavaScript for event-based interaction and timed transitions.

Interpersonal Skills and Extracurricular Achievements:

- **Joint Secretary – IEEE Student Branch:** Assisted in planning and coordinating technical initiatives under the IEEE Student Branch.
- **IEEE Eureka 2024:** Team ranked among the **Top 10 nationwide out of 239** participating teams in a national-level competition.
- **Vice President – ICON Committee:** Led the organization of technical and cultural events in collaboration with faculty.
- **Table Tennis:** Winner in Singles for 3 consecutive years; Runner-up in Doubles (MMIT) and Runner-up in Inter-college Singles.
- **Anchoring:** Hosted multiple college-level events with confidence and strong stage presence.
- **Akashvani Interview:** Featured on All India Radio during childhood.
- **Cultural Activities:** Participated in dance, drama, and skits, demonstrating teamwork and creativity.
